## COMMUNITY COMES TOGETHER AT THE Y

Welcome to YMCA Cape Cod! We are a mission-driven, private, nonprofit, charitable organization committed to providing quality programs and services to the community.

The mission of YMCA Cape Cod is to serve the Cape Cod community by providing programs rooted in our core values of caring, honesty, respect, and responsibility that build a healthy spirit, mind, and body for all.

YMCA policies are set by the Board of Directors, a group of local volunteers legally charged with the responsibility of managing the affairs of the YMCA. The board and staff work closely as partners to ensure the success of the YMCA.

Throughout our history, we have been proud to serve Cape Codders with more than just health and fitness classes. We offer affordable programs and services designed to benefit all people. Along with program fees, we rely on contributions and volunteerism to ensure that those unable to pay full fees may receive scholarship assistance.

The YMCA offers services such as child care for children ages 3 months through 12 years, swim lessons and recreational swimming, youth sports, health and fitness programs, day camping, family events, and many other special interest programs.

Sincerely,

Stacie Peugh  
President & CEO

# THE Y IS SO MUCH MORE

The YMCA is more than just 'gym and swim.' While these are very recognizable areas of the Y, our purpose is to serve our Cape Cod community. You might notice our three areas of focus around our logo, reminding us of our mission every day.

## YOUTH DEVELOPMENT

### Nurturing the potential of every child and teen

All kids deserve the opportunity to discover who they are and what they can achieve, under the guidance of adults who care about them and believe in their potential. We see every interaction with young people as an opportunity for learning and development.

## HEALTHY LIVING

### Improving the nation's health and well-being

Health and well-being are all about balance. That's why we help people and families build and maintain healthy habits for spirit, mind, and body in their everyday lives.

## SOCIAL RESPONSIBILITY

### Giving back and providing support for our neighbors

With our doors open to all, we work to bridge the gaps that divide people and neighborhoods, and bring our cause to the people and neighborhoods that need us most. With our members, volunteers, staff, and partners, we take on the most urgent needs in our community and inspire a spirit of service in everyone we touch.

## **CHILD PROTECTION/MEMBER SCREENING:**

At YMCA Cape Cod, our top priority always is the safety and well-being of our members, program participants and staff. We are committed to providing the safest possible environment for children and adults using Y facilities, programs and services. Our YMCA follows a rigorous ongoing process to protect those using our services.

Our approach is four pronged:

- 1. Screening and Hiring** – To do everything possible to ensure the right staff and volunteers are working with participants in our programs, we conduct intensive screening and hiring practices including detailed application forms, a comprehensive interview process conducted by multiple staff, multiple reference checks, and criminal and sexual offender background and record checks.
- 2. Education and Training** – All staff sign an Employee Code of Conduct, which sets clear rules and expectations for behavior. The Y has Zero Tolerance for staff deviating from the Employee Code of Conduct. Employees working with children go through an extensive child abuse prevention program. Child care staff members are mandated to report any suspected abuse. All staff is trained to identify when a fellow employee or volunteer is stretching or breaking the rules and are trained in how to respond and report these violations.
- 3. Supervision and Management** – Supervisors and managers complete additional training to further promote a child safe environment and conduct regular monitoring of spaces within our facility. All Y staff are mandated reporters.
- 4. Practices and Systems** – Our Y strives to create an open environment and encourages feedback from; staff, parents, children and members. Protection practices exist to create a safe environment for all. Examples include a posted cell phone ban in all locker rooms and rest rooms, specific locker rooms separating adults and children, additional bus monitors for trips and camp transportation, prohibiting staff to work one-on-one with youth outside the YMCA (i.e. baby-sitting) and mandatory reporting requiring staff members to report any suspicious activity.

While we put a great deal of thought and effort into implementing a strong Child and Member Protection Plan, perhaps the most important thing we do is to communicate regularly with members. To ensure the safest environment possible, communication and vigilance on all our parts is essential. Abusers can be parents, care takers, friends, neighbors, or other youth. It takes everyone's help to create a safe environment. All members and program participants will be screened through public criminal and sexual offender background and record checks. If a sex offender is identified YMCA Cape Cod will terminate their membership and deny them access to the facility.
