3RD ANNUAL ACHIEVERS BENEFIT
MAY 17, 2018

LETTER FROM CEO OF Y-USA CONGRATULATIONS

ACHIEVERS CONGRATULATIONS

Please accept my congratulations on the accomplishments of this year's YMCA of Cape Cod Achievers Program.

YMCA of the USA and Ys around the country celebrate and share your passionate pursuit of the audacious goal of preparing youth for life. We stand together to ensure our nation's most vulnerable youth can transition from high school to college, develop the academic and social rigor that success requires, and ultimately graduate and become thriving adults.

As you know, research has proven that college degree attainment has lasting benefits for life. The benefits include higher earning potential, better health and well-being, and greater social-emotional stability, just to name a few. And these benefits are shared not only by the graduates, but also the entire community. Communities with a higher concentration of college degree holders have better economies and are more vibrant.

Through building partnerships within the community and providing invaluable leadership, your YMCA has made Cape Cod more vibrant through the Achievers program. Your great work preparing youth for life reminds me of one of my favorite quotes from Rev. Dr. Martin Luther King, Jr. He said, "I have the audacity to believe that people everywhere can have three meals a day for their bodies, education and culture of their minds, and dignity, equality, and freedom for their spirits. I believe that what self-centered men have torn down, men other-centered can build up."

I wish to commend everyone associated with the Cape Cod YMCA who make the Achievers program possible. My hope is that you will continue to be the other-centered men and women Dr. King spoke so highly of and, most of all, continue to prepare youth for life!

Sincerely,

Kevin Washington
President and CEO

Dear YMCA Achievers,

Congratulations! Completing the YMCA Cape Cod Achievers program this school year is something to be extremely proud of! We hope you are proud of yourselves for the effort you have put forth.

There may have been many times when you wanted to give up, or when spending time doing other things may have seemed more attractive than committing to your future in higher education and career readiness. Yet, your hard work and diligence are truly enabling you to achieve future success.

We at the YMCA Cape Cod believe in you! We have hopes and dreams for each of you. Those hopes and dreams are that each of your hopes and dreams come true. Each of you has a special and unique story unfolding. We are grateful for you allowing us to help you develop your story and for sharing your stories with us this year. We expect to be seeing and hearing a great deal more about your achievements in the future.

We hope the Achievers program has empowered you to believe in yourself and the possibilities of your successful future. Let your amazing story be told and let each chapter lead you to new accomplishments.

With Hope and Belief,

Stacie Peugh
